

Seed Bank Donation Form

In order to donate seeds to the Community Seed Bank, the criteria below must be met.

1. Seeds must be saved by you or someone in the community.
2. Seeds must come from an open pollinated or self pollinated plant. Seeds from hybrid varieties are sterile and cannot be donated.
3. Seeds must be properly processed and fully dried.
4. Seeds must be properly labeled with a completed Seed Bank Donation form.
5. Seeds must be enclosed in a sealed envelope or bag with the completed Seed Bank Donation form attached.

Seeds that meet the above criteria may be deposited in the Seed Bank Donation box in the Farmstand (4051A East St) during regular hours.

Name: _____

Variety: _____

Date Donated: _____

Date Collected: _____

Quantity (minimum 10 count): _____

☐ Non-hybrid

☐ Dry

☐ Isolated (this seed was not cross pollinated)

☐ Crossed (this seed may have been cross pollinated with other varieties)

Notes: (tell us about the conditions the plant grown in, how it did, what you liked about it, etc)
